BRIEF HISTORY

Al-Ameen Educational Society was started by Dr. Mumtaz Ahmed Khan in the year 1966 to meet the needs of the education in the city and across the country. Under the auspices of the Al-Ameen Educational Society, Institutions of various types are functioning all over India. There are more than 200 institutions at present.

Realizing the importance of legal education in a democratic setup, the Al-Ameen Educational Society, Bangalore started the **Al-Ameen College of Law** with 3 Year LL.B Course in the year 1991-92 and 5 year B.A.LL.B. Course in the year 2001. The College has been offering 3 years and 5 year LL.B Course. It is affiliated to the Karnataka State Law University and recognized by the Bar Council of India.

WARM GREETINGS!

Moot Court is a venue, where the analysis, drafting, presentation and arguing skills of an upcoming lawyer are put to test. The AACL Mooters Society is a forum that assists the students of the college to develop their faculties of rational thinking, articulation, presentation of arguments and moreover strives to inculcate in each of the students, the spirit of professionalism, leadership and a strong desire for acquiring legal knowledge.

The AACL Mooters Society successfully organised the 5th National Level Moot Court Competition in the month of March 2020. Thirty eight colleges from all over India participated in the competition which proved to be a good platform for students to sharpen their advocacy skills.

With great pride Al-Ameen College of Law, Bangalore announces its “6th National Level Moot Court Competition-2023” to be held from 4th August to 6th August, 2023. The Moot Proposition focuses on “Emerging Trends in Constitutional Law and IT Act”. We truly believe that this competition is an attempt to recognize and appreciate the sharp legal minds across the country with a platform to develop their skills and showcase their legal knowledge.

We extend a cordial invitation to your esteemed institution to participate in the 6th National Level Moot Court Competition-2023. We expect students from all over the country to participate in the competition, showcasing their mastery on advocacy to be judged by some of the most elite names in both the corporate and the litigation sectors of the legal society.

We await your presence and look forward to the opportunity of welcoming your team at Al-Ameen College of Law, Bangalore.

Warm Regards,

Prof. Dr. Waseem Khan. M.I.,

Principal, Al-Ameen College of Law, Bangalore

Chairman,

AACL Mooters Society.

MOOT PROPOSITION

Hercules Digital Rights and Ors. vs Union of Meluha

1. Meluha is a sovereign republic. Meluha is geographically the seventh largest country in the world, consisting of 1/3rd of the world's population. Around 29 federal states together form the Union of Meluha. The country is largely agrarian in nature. Meluha is the largest democracy in the world which has developed in all sectors to a large extent in the recent years.
2. The Constitution of Meluha is an absorption of many features borrowed from various Constitutions around the world. This Constitution is the longest written Constitution in the world. All the legislations which are enacted in Meluha are based upon the Constitution of Meluha and any law which contravenes the constitution of Meluha shall deemed to be unconstitutional.
3. The democracy of Meluha has a multiparty system where in 2015, the Meluha Socialist Party (herein after called as MSP) won by an absolute majority. This ruling party promoted privatization in most of the sectors and even went a step ahead to sell major public sector undertakings to private entities. There are allegations by the opposition, the press and other civic bodies against the MSP for supporting big business tycoons. And it is further alleged that this party does not work for the benefit of the nation and has become the puppets of the corporate. The report published by RBM in 2017 it stated that fugitive economic offenders have increased by over 28%, which amounts to over 1.85 lakh crores. Majority of the frauds are made by big corporates.
4. The Prime Minister of Meluha has very cordial relations with most of the foreign nations as he travels around the globe on bilateral as well as multilateral transactions, claiming it strengthens foreign policy.
5. Zodiac is a West Asian Country with a unitary form of parliament located along the Mediterranean Sea. This country is known for its advanced defence system.
6. In 2019 the Prime Minister of Meluha visited Zodiac and signed a defence deal for procurement of various weapons and security system. The Government of Meluha purchased missiles and sophisticated strategic gear worth roughly one billion dollars under this deal.
7. Meluha is a signatory of many international covenants including UDHR, ICESCR, ICCPR, which enumerates the protection of various human rights. The Government of Meluha is obliged to guarantee freedoms and rights such as Right to Life, Privacy, Freedom of Press etc. In line with the same The Constitution of Meluha recognises the right to privacy as a fundamental right under Article 21.
8. In 2021, the Chief editor of an online news agency called *Fil News* found out that there was a malfunction in his mobile, upon which he gave it for forensic research and it was found out

that his mobile had been infected by a spyware called Poseidon. In 2021, the Government of Meluha warned all the social media platforms that nothing should be published, circulated or posted against the ruling government failing to adhere upon which they would face serious consequences.

9. Poseidon perhaps the most powerful piece of spyware ever developed, by a private company. Once it infiltrates a mobile it can turn into a 24 hours surveillance device without the knowledge of its user. It can copy, manipulate messages, send, receive or harvest photos and record calls. Besides it can secretly have access to the mobile's camera, activate the microphones to record conversations as well as can potentially pin point the user's current as well as past GPS location.
10. Poseidon infections can be achieved through a technique known as *zero click attacks* which does not require any interaction from the mobile's owner in order to succeed. Its presence in the mobile device is very difficult to ascertain. Poseidon uses some bypassing techniques in order to decrypt messages on end-to-end encrypted messaging apps. Even a missed call through such vulnerable apps is enough to break into one's mobile.
11. Poseidon is a hacking software that is developed, marketed and licenced to the governments around the world by a Zodiac private company, MXO Groups. The MXO Groups proclaims to create such intrusive surveillance software, to combat a wide range of local and global threats. It has the capability to affect billions of mobiles running either by IOS or Android operating system, using a technical loophole known as *Zero Day Vulnerability*. Bugs or technical defects in the system are not reported to the service providers, but instead abused by MXO Groups to create a silent backdoor entry unnotified.
12. MXO Groups is engaged in the business of building and selling surveillance software. The company has consistently maintained that it only sells spyware to the governments and does not retain any data with itself. Poseidon software and other similar spywares require an export licence to be obtained from the Zodiac Ministry of Defence, but since it is the matter of extreme secrecy, it is difficult to find out whether or not all the necessary protocols have been followed by both MXO Groups and the Union of Meluha in the process of seeking the said approval.
13. Few countries with questionable Human Rights record have openly stated the usage of Poseidon namely Hengania, Gemanian, Tungray, Crance for the security of the nation, counter terrorism, prevention of kidnapping of children and trafficking of children and women, busting drug cartels and counter secret plans within the nation.
14. In Meluha it is alleged that almost 50 noteworthy personalities whose mobiles were been hacked by using this software includes, the leader of opposition party, Journalists, Judges, Doctors, Court officials, Bureaucrats, Human rights Activists, Scholars, Administrative officials etc.
15. On 20th December 2021 Poseidon issue was raised in the Parliament. The Minister of Communications, Electronic and Information Technology Mrs. Alka Roy defended that, "*these*

are attempts to malign the Government of Meluha". The Government has never breached the fundamental rights of the citizen including the right to privacy". She further stated that "in Meluha there is a well-established procedure through which a lawful interception of electronic communication is carried out for the purpose of national security particularly in the occurrence of any public emergency in the interest of public safety by the agency of the Centre and the State".

16. The Fil News published a report on 21st May 2022, stating that Poseidon spyware has affected a number of mobiles in Meluha. The report claims that Meluha has purchased this malware along with missiles as it has cordial relations with Zodiac. Most of the transactions of these two nations remain undisclosed in the public domain under the ambit of national security.
17. On June 5th 2022, the Defence Minister of Meluha released an official statement through the media stating *"the newspaper records published in FIL News were completely fake and misleading. The report was based on wrong assumptions. It seems that they have got information from an unidentified source which lacks factual basis and is far from reality"*.
18. Hercules Digital Rights (hereinafter called as HDR) an NGO situated in Kollu. It has been a champion in protecting Human rights and they fight against abuse of human rights, securing justice for those whose human rights has been violated. Further based on the reports published by Fil News HDR filed a PIL before the Hon'ble Supreme Court of Meluha.
19. The Editor in Chief, of Fil News Mr. Bala filed a suit in the High court of Karunadu under Article 226 of the Constitution of Meluha that it has breached the freedom of press, guaranteed under Article 19 (1) (a) of the Constitution of Meluha.
20. The CEO of Chatapp a social networking platform has filed a suit against the Government of Meluha before the Hon'ble Supreme court of Meluha stating that decryption of messages goes against his company's policies and the customers will lose faith in this company because the government has allegedly used such a software which can decrypt the personal conversations of the customers. Such malware infiltrates under their noses and attacks on the privacy of individuals.
21. Mrs. Umme Kulsum, the leader of opposition, has filed petition before the Hon'ble High Court of Delict under Article 226 of Constitution of Meluha, a case accusing that her mobile was hacked to know the political strategies built by her party, and the Government has used this to win the elections in a very unethical way and she further accused that only using this software that they have won the election in 2020 despite a lot of short coming in their governance.
22. The Hon'ble Supreme Court of Meluha has clubbed all the petitions which are connected to Poseidon spyware.

*The Laws of Government of Meluha is parametria to the Laws of Union of India.
